Friends of Wachusett Mountain  
P.O. Box 301  
Princeton, MA 01541

Dear Friends of Wachusett Mountain,

Thank you for the opportunity to provide this letter of support. During the time that The Friends of Wachusett Mountain (FWM) has been forming, numerous cooperative actions that demonstrate the positive nature of the FWM have taken place.

The FWM has provided useful educational materials to the Reservation, as well as coordinated additional ecological research on the property. As a result of this assistance, we have been able to incorporate some of the results of the research conducted by FWM into our public education programs so that participants can learn about environmental issues and how they affect Wachusett Mountain State Reservation. In addition, through additional advertising of DCR's programs in the FWM website and email contacts, the public programs we co-sponsored have been successful in attracting participants of all ages.

FWM is to be commended and supported for their efforts and contribution to the community.

Sincerely,

Dwayne Ericson  
Supervisor
